Letter from San Francisco.

SAN FRANCISCO, April 4th, 1871.

ANOTHER HEAD FOR COLE.

President Grant has just presented his henchman, Senator Cole, with another head on a charger, and Sargeant mourns one friend the less in office. A private teligram states that the name of Dr. Carey, of San Jose, has been sent to the Senate for the Internal Collectorship of this District, *vice* George W. Oulton, removed. Oulton is Sargeant's friend, and this is another triumph of Cole over the combination composed of Sargeant, Stewart, Nye, Gorham and the Ohio Whisky Ring, which thwarted him so badly at first. More removals are expected to follow, and there are several United States officials in this city who daily expect to receive their walking papers from Washington.

THE REPUBLICANS.

Of course all these things but increase the bitterness in the Republican ranks, and fan the smouldering embers of discontent. And in fact the Republicans are far from feeling as well as they did two weeks ago. The news from New Hampshire of the unexpected and overwhelming victory of the Democracy in that State considerably dampened their ardor, and now comes the breach between Sumner and Grant to make them feel worse yet. Sumner's terrific arraignment of Grant has been published in full by all our papers and has produced a noticeable effect among the old time Republicans, while Carl Schurz's phillipic is telling among the Germans. As a party, the Republican party is utterly and completely demoralized, and with anything like good management the Democracy of this city are certain to walk over the track this fall. Talk about divisions in the Democratic party; why they are nothing like as deep and as bitter as those that prevail among the Republicans.

GRANT AND THE BOHEMIANS.

When Grant came into office he had the stupidity to snub the "Fourth Estate." They vowed vengeance, then and there, but patiently bided the time. That time has come, and any one who looks over the Eastern papers may see how thoroughly Sumner is being lionized and Grant belittled. It is not that they care a continental for Sumner, 'though the Massachusetts Radical knows the power of the fraternity and has sense enough to treat them well, but that they see the chance to get even on Grant, and there wont be much left of him by the time they get through. No one who has not lived in Washington many years, as I have, especially for some time back, knows how much the reputations of many public men are entirely the creation of this Fourth Estate. And for the first class newspaper men of the East, and especially for the Washington correspondents, I must say as a class they are high-toned, honorable gentlemen. And I do not blame them for hunting in packs whenever the provocation will justify. There are too many public men who are ready to kick over the ladder as soon as they have immagined themselves at the top of the wall.

NEWSPAPER MATTERS.

Speaking of Bohemians, I see it stated in some of the country papers that Prentice Mulford is editing the the *Overland*, while this is denied by the *Reporter* which states that he is localizing on an Oakland paper. Neither is correct. Mulford is writing for the *Overland*, in which he had one of his best papers last month, but is not editing it; Bartlett, of the *Bulletin*, is doing that. Mulford is writing for some of the Eastern periodicals as well as for the *Overland*, and is furnishing some of his most sprightly sketches for the Sunday *Call*—such characteristic articles as the "Dogs of South San Francisco," and the "History of a Vagabond." This Sunday *Call*, by-the-bye, is distancing all its contemporaries, and throwing the weekly issues of the same paper quite into the shade. Bowman is writing for it, and Billy Bausman, and Stoddard, and some Eastern girl who is said to be a charming "slinger of ink." The *Examiner*, too, seems to be prospering wonderfully, and has recently purchased a fine span of horses, with corresponding turn-out, in which either the benignant Roach, the portly Washington, the stalwart Porter or the pensive Johnson, may be seen wending their way through Montgomery street to the Cliff House road every afternoon as soon as the paper has been got to press and the Rads properly annihilated for the day. They quite take the shine out of Brother Pickering, who heretofore has been the only two-horse newspaper proprietor in San Francisco.

IN TOWN.

Senator Morrill, of Calaveras, is here, having just returned from a trip to the East. Strange to say, his hair, which during the last session of the Legislature was of the hue of the raven's wing, is now as white as McCoppin's, or Roach's. What is the cause I cannot say, but it is probable that he experienced religion while East. Senator Lawrence, of Mariposa, with his charming and talented bride, is also in town; and so is Frank Gross, of the Marysville *Appeal*, and Paul Morrill, of the Sacramento *Union*, and General Mandeville, of Tuolumne.

HORACE HAWES' WILL.

Horace Hawes' will has been filed. It has been made with the evident intention of cuttting off Mrs. Hawes with as little as possible. Albert Hart, now of the Law Library of this city, and formerly Assistant Librarian of the State Library at Sacramento, is now named as the executor without bonds, a tribute to an honest man from a very mean one. Mr. Hart will certainly be the last one to revenge old Horace on his wife. But it is probable that the will will be set aside, as the bulk of Hawes' property was acquired after his marriage, and it was therefore beyond his power to disinherit his wife.

POLITICS.

There is little change in matters political, in fact there seems to be, for the time being, a lull. On the Republican side, Booth and Pacheco seem to be stronger, with some little talk of bringing in Seligman to make sure of the German vote. Johnson's speech don't seem to have helped him here much. The railroad men are disgusted and the anti-railroaders don't seem to put much faith in what they regard a sudden conversion. Roach seems to be looming up somewhat and McCoppin's friends are still confident that they will carry the city. Tom Ryan, the author of the five per cent. bill, goes after Johnson and defends the right of the majority of the people of a county to grant subsidies.

BUSINESS

Here seems to be improving a little. There are more signs of business, the building trades are picking up a little, and there are indications of returning prosperity.

THE FAIR TRIAL.

The trial of Mrs. Fair for the murder of A. P. Crittenden is of course the sensation of the day. The court room is jammed, and curious crowds on the outside strain and rush for a glimpse at the prisoner, and follow the jury as they are marched like a chain-gang to and fro from the hotel. The jurors are kept together under the constant charge of two or three deputies, but are allowed to speak to no one. They are boarded and lodged at the Lick and in the evening taken to the theater at the expense of the trial. *Mrs. Fair will be acquitted.* That is the impression of everybody. Her appearance in Court, dressed in black, between her mother and her child, and her evident emotion, have a strong effect, which was particularly observable this morning when she burst into tears. I was not near enough to observe the effect on the jurymen, but the effect on the lookers-on was very apparent. Further than this, it is said that she has abundant evidence to prove a provocation on the part of Crittenden which has as yet been only hinted at. But the general ground of acquittal will really be, that a man who acted as Critenden did carried his life at his own risk. The parties most to be pitied in this affair are Crittenden's family; for he has sons, daughters and grand-children here, and the astonishing part of the affair is that a man who was known to act as Crittenden did, could maintain such a position in this community.

OMEGA.

Letter from Oregon.

DIXIE, Oregon, March 15, 1871.

ED. DEMOCRAT:—Spring seeding is progressing finely between the showers. Fall sown grain is looking splendid, and in fact everything bids fair for an abundant yield of all kinds of cereals this year. The recent advance in the price of grain has given a new impetus to the farming comunity, and each individual is seeding as many acres as he possibly can. I do not think there is a State in the Union that is possessed of as great natural advantages as the State of Oregon. The Willamette Valley (and this is the best portion of Oregon,) is bounded on the west by the Coast Range Mountains, out from which issue clear, cold streams that find their source at the base of mountains capped with eternal snow. These streams drain every portion of the west side of the valley, and along their courses is land that will compare in richness with any portion of the civilized world. It is true we have rain that lasts from four to five months in the year, yet its steadiness has been greatly exagerated in the Eastern States. Weather tables kept with the utmost care only show an aggregate of about two months steady rain during the year. The eastern portion of this valley will compare favorably with the western portion, being bounded on the east by the Cascade range of mountains. Among the summits may be seen, in clear weather, Mount Hood, Mount Jefferson and the Three Sisters. These are mountains that stand thousands of feet above the regular range, and I can assure the reader that they, with their fleecy vestments of perpetual snow, are pleasant to look upon in a sultry day in August (our hottest month). Wheat produces on an average in this valley about forty bushels per acre, and of a quality that is unsurpassed. The yield of oats and barley is about fifty bushels to the acre, but I have seen and helped to cut and thresh off of ten acres of ground, measured, *one thousand bushels* of oats.

The health of our State is as good at this time as it has ever been known, all contagious diseases having disappeared. The reported gold discoveries on the Tilamook, are a humbug, there being but very little gold found, and that of so fine a quality that it is almost impossible to save it.

We have six woolen mills in this State, four of them being as good as are to be found in the United States. Grist mills are to be found on nearly all the mountain streams, also saw mills. Lumber is worth here at the mill—best matched, dressed flooring or ceiling, $22 per M; Siding, $18; rough lumber, $9 to $12 per M.

Political matters are dead; so much so that even the partizan press of the country have quit devoting any space to the subject except in rare instances.

The Willamette river that drains this valley runs directly north through its entire length, and is navigable for light draught steamers for a distance of 120 miles. The principal towns on the Willamette are, first, Portland, the largest town in the State; next is Salem, the capital of the State; 51 miles above Portland in a southerly direction; next is Eugene City, a distance of 74 miles from Salem, at the head of navigation and in reality a little above it, although boats at high water frequently reach this point. The North Pacific Railroad Company has advertised for 2,000 laborers, 1,000 Chinamen as graders and cooks, and 1,000 white men as track-layers and axe-men. Numbers of men from Oregon and Idaho are flocking in to Washington Territory, taking up all the available land, that is suitable for agricultural purposes, and there are also thousands of acres of timber land that is being occupied, the "squatter" taking it in the hope that if it will never be of any benefit to him it may to his children.

There is a movement on foot in Salem, the capital, to erect an agricultulal implement manufactory; something which the State stands in great need of and which I think will prove remunerative to those engaged in the laudable enterprise. Our State has long felt the need of such an institution, and I think that once erected it will be sustained, as there was last year alone paid to two of the principal houses in Portland, the round sum of $65,000 for reapers, headers, threshers, etc., all of which were shipped from the Eastern States to this coast and sold at a large profit.

The Christian brotherhood are making arrangements for the erection of a brick church and College at a beautiful little country town called Monmouth, in Polk county, where they have a school with an aggregate attendance of 125 schollars. The school is pronounced a success by all. It is under the supervision of Prof. T. F. Campell, a highly educated and accomplished gentleman whose eloquence and logic are daily adding fresh accessions to the Church of Christ.

Jay Cooke & Co., financial agents of the N. P. R. R., have placed their first mortgage bonds on the market in all the principal banking houses of the State, and financiers are under the impression that they are a good investment, as they cover the road, rolling stock, houses and lands of the Company, and are convertable at any time into lands at the Company's prices, $2 50 per acre.

The indomitable Ben Holiday is now on his way from San Francisco to Portland, and will push ahead the West Side Railroad with new vigor upon the opening of Spring. Ninety miles of the East Side Road is graded and the track down, and 80 miles in running order. There are twenty miles of the West side Road graded, and the track will be laid as soon as the weather settles sufficiently to go to work.

Judge Lansing Stout, a prominent Democratic politician died at Portland on the 3rd of March. I mention the fact because he was an old Californian, and was once a prominent politician there, I think in 1855 or '56. He was once elected from this State to the lower house of Congress, and at the time of his death was State Senator from Multanoma county in the Oregon Legislature. He was a man of marked ability, and his aid and council will be sorely missed by his political associates. As to his social status, an aching void is left by his death. None can recur to his pleasing address and genial manner without a sigh of regret. Even his political enemies can find nothing to urge against him, so pure, so upright, so blameless has been his course. Though not a member of any religious order, his purse was ever open to charity, his voice always on the side of morality and education, and his every public act tending towards the mitigation of human suffering and the advancement of a spirit of christianity. In fact his public record shows that he combined the spirit of christianity with that of the philanthropist, and that he never suffered partisan zeal to so blind him that he would not be capable of rendering the greatest good to the greatest number.

R. CLARK.

Died a "Bornin."

[From the Sedalia Democrat.]

The attempt of the Missouri *Democrat* to hold a Radical lovefeast in Jefferson City, on the 22d ult., at which McClurgers, Browners, Radicals Republicans, Liberals, Niggers and all who would fraternize and form one strong, consolidated body of "loyalty" ended in one of the most mirth-provoking unmitigated "fizzles," ever witnessed in free (and thank God we are free) Missouri. The day came and with it a few superannuated, fossilized "loyalists," whose cadaverous looks and attennated forms pointed with unerring *indices* to the "handwriting" which the fiat of a free people had traced on the wall of their destiny. The *Democrat* had said that the disordered, musty dry-bones of Radicalism, would if breathed upon by some apostle of hate, run together and live as of yore; that the science of gravitation would not fail them in their dire extremity, and that the principle of cohesion, so fearfully tested and strained in the late canvass, would be amply potent to cement all the elements into one harmonious whole. The *Democrat* urged the proposed union and doubtless thought that the matter was ripe and ready for enjoyment. Well, the Rads and the Liberals didn't meet worth a cent, neither did they unite to signify. The hopes of the Missouri *Democrat* were blasted, no union was effected the split is still in a state of "solution of continuity" and Radicalism remains impaled on the sharp points of the people's execration and wrath. The *Democrat* is thus left to gnaw the file of its bitter disappointment, whilst Democrats and Liberals are working shoulder to shoulder for the regeneration of our glorious old commonwealth. We counsel the Editors of the *Democrat* to desist from their efforts to unite fanaticism and liberality and turn their attention to writing diatribes on the 13th, 14th and 15th, amendments, *sans rime et sans raison*

BLASPHEMY AND SACRILIGE PUNISHED.—A correspondent of the Evangelist is responsible for the following strange story. He says: About the 1st of October, 1868, at the town of Little Lake, Mendocino county, Cal., the lovers of the social dance made a party in the house which was used as a town hall. In the evening, after they had danced several sets, some of the party, desiring to change the exercises somewhat, proposed that they turn it into a mock religious meeting. To this proposition some of them objected; but several persisted. The first thing proposed was to conduct a funeral service. They accordingly brought out the violin box and then mock weeping, they took the violin and laid it in for a corpse, which they then proceeded to bury. After this they met to celebrate the Lord's Supper, using water and common crackers! They had Pastors, Deacons, etc. There were four of the men named Coats, and some two or three others. This all passed off. A few days after this the election was held there, and an uffray took place in which every man who was engaged in that mock religious service was killed, and their dead bodies were laid out on the same boards they had used for communion. "God is not mocked," for "whatsoever a man soweth, that shall he also reap."

DE-KORUM IN THE LOUISIANA HOUSE.—A Senegambian "Legislator" in the Louisiana House of Representatives was called to order for what the Speaker was pleased to term "a breach of decorum." The Senegambian gentleman, who had been listening to a speech by a Congo member, on the close of said speech classically observed "dat dar nigga is a dam liar, and I'll frow my boot down his froat if he opens his cella doah on me again." To this Chesterfieldian outburst the Speaker responded with his mallet, called order, and ventured to declare "the gentleman guilty of a breach of decorum." "Br—br—breach ob de—who sah? Breach ob de—who?" "Breach of decorum, sir." "Dar's no korum heah at all, sah. I'se a qualified memba, sah, seetted heah for to do de bisness ob my constitumus, and if dat dam nigga fotches his lies to dis 'sembly I'll frow a number sebenteen boot into dat trap doah ob his, sah?" After the indignant gentleman had thus given expressions to his sentiments, the other gentleman subsided, and the august assembly of law-makers for the State of Louisiana went on with their important business. We congratulate the great State of Louisiana on its glorious future. Greece and Rome are to-day honored and revered for what they were in the past; that past was great and glorious through the actions and expressions of their statesmen and law-givers. Who shall say, then, that England, proud and potent as she appears, may not be what Athens *is*, and that Young America (with legislative bodies like those of Lousiana and the Carolinas) may not soar to be what Athens *was*.—*Day Book.*

THE PRESIDENTIAL EXCURSION TO CALIFORNIA.—A Washington dispatch to the New York *Standard* of March 15th, says:

"A Presidential excursion train is to be run over the Pacific Railroad to California, immediately upon the adjournment of Congress this Spring. This will be one of the most imposing excursions ever yet attended on this continent. It will consist of a train of palace cars, with hotel dining attachment, and the company is expected to comprise the President's family, several members of the Cabinet, the British High Commissioners, and many of the most noted personages of the era. The question of others and accompanying excursion trains to follow, in order to accommodate the hundreds who desire to 'be there and see,' is also being favorably considered. The indications all tend to assure an unprecedented passenger traffic this season."

WESTMINSTER ABBEY.—This abbey is of Gothic design, built in the form of a cross 400 x 200 feet. It was founded in 610 by the Saxony King, Sebert; and having been destroyed by the Danes, it was re-built by King Edgar, in 958, and was enlarged by Edward the Confessor, in 1245. It suffered great injuries during the Reformation, but was restored by Sir Christopher Wren, architect. Here every sovereign of England, since Edward the Confessor, has been crowned; and here many of them lie buried. It is also the burial place of many of the most distinguished statesmen and *literati* of England, among whose tombs one of the latest is that of the much-lamented Charles Dickens.

ARCTIC EXPLORATIONS.—The United States steamer Periwinkle, of 387 tons burden, in which Captain Hall intends to convey his exploring party to the Arctic regions, is now on the ways at the Washington Navy Yard, receiving a complete overhauling. She is being strengthened with heavy timbers, and will receive additional sheathing with a coating of cork interposed. Of her two boilers, one is arranged so that blubber can be used as fuel. A propeller well is to be attached for the protection of the screw against the ice. The work of repairing is under the supervision of a constructor who has had charge of fitting out the vessels employed in former Arctic expeditions. The Periwinkle, it is stated, will, when completed, be in almost as good condition as a new vessel. The expedition, it is anticipated will sail in May.

The Tariff.

We are made to endure the evils of an oppressive and ill-regulated tariff of duties, and have no immediate prospect of substantial relief. The principle of special Protection is at war with the general sentiment of the world; and to this it must sooner or later yield, although its advocates, who, during the last ten years, have secured more than ten revisions of the tariff, all tending to higher and higher Protection, still manage to control Congress and its committees.

We are the only great power which commands extended coasts on both oceans, and are a maratime people by inheritance from almost every stock that contributes to our mixed blood; yet we have become within a few years by the suicidal operations of our own laws, destitute of shipping. Not only have we been driven from the ocean, but, on our lakes, Canadian-built vessels are gradually drawing trade away from us, because, costing much less, they can accept lower rates of freight. Ship-building, in which, a few years ago, we excelled the world, has become a lost art among us. Our agriculturists, who under this system of favoritism, miscalled Protection, realize no increased price for what they need and have to buy. Blankets, woolen clothes, and many other things of common use, are dearer in this country than in any other, to the injury of those whose lot it is to work very hard for their comforts, which class constitutes the bulk of every people. These are only some of the evil results from the federal government legislating for the benefit of a few capitalists, under the false pretense of protecting our home labor. The enormous profits resulting from the unjust favoritism go all to the manufacturing and mining capitalist; not to the men employed by him. The high duties, laid for so-called Protection, do not inure to the benefit of the public treasury, nor do they make the general condition of the laborer, whether in or out of factories, better. Even the protected capitalists are beginning to share in the effects of the general derangement and languor in business generated by this false system, which undertakes to sustain certain favored persons in occupations in which, if left to their own skill and resources, they would by their own admission, fail.

There is no sufficient remedy for this except in the absolute rejection from our federal legislation of the principle of favoritism. All the people are entitled to equal protection; none have a right to special favors; and it is a wrong which, it seems to me, ought to shock the moral sense of every one, for a government, under the pretext of raising revenue, to tax the whole people in order that a few men may do a profitable business.—*Gov. Hoffman's Message*, 1871.

ROBERT CHAMBERS, the celebrated publisher who has just died in Edinburg, worth it is said, £600,000, began life as a poor boy, entirely dependent on his own exertions, laying the foundations for his fortune by opening a small circulating library with a little borrowed money.

YOLO DEMOCRAT.

COUNTY AND TOWN OFFICIAL PAPER.

WOODLAND, CAL.:

Saturday, April 8th, 1871.

LATE SNOW STORM.—Four inches of snow fell at Sprugfield, Massachusetts, on the first of April.

CHANCE TO MAKE MONEY. — The Omaha Gift Concert advertisement in another column tells just how it may be done.

PLAYED OUT.—Tom Fitch, ex-M. C. from Nevada, has settled in New York, where he proposes to enter upon the practice of law.

DEATH OF A U. S. SENATOR.—Ex-Senator Jacob M. Howard, of Michigan, known at home as "honest Jake," died of paralysis at Detroit, April 2d.

EARTHQUAKE SHOCK.—Quite a severe earthquake shock occurred at San Francisco and points on the coast about a quarter before eight o'clock on Sunday evening last. Many were scared, but no serious damage resulted.

TAXES.—State taxes are now 86½ cents on the hundred dollars. During the Republican administration they were about $1 13. Since Gov. Haight's election the State debt has been reduced $2,000,000. How's that for the people's candidate?

RETAINED. — General Reddington is retained by the California Pacific Railroad Company, as their agent in Sacramento. He has been superintendent of the Steam Navigation Co. in that city for the last seventeen years, and has paid employees, $1,304,000.

PETALUMA DAILY CRESCENT.—For the past week we have been favored with the above sprightly little Democratic Daily, published by A. McGuire, and edited by our old friend James L. Rice, formerly of the Marin *News*. We shall be pleased to receive the *Crescent* regularly, and trust it will be well sustained by the Democracy of its locality.

DON'T EAT THEM.—Of late there have been accounts published of several families being poisoned by eating mushrooms; in some cases the fault being laid to their being toadstools in stead of the real article. An exchange says that in this State there is a poisonous fungus grows on the mushroom, and that they should never be eaten. Don't eat them at all.

STEAMERS.—The steamer Capital is to be put upon the Vallejo and San Francisco route on the 10th inst. The Amelia will be kept upon the Suisun route, and that to Sacramento will be covered by the Chrysopolis and Yosemite, and the Stockton route by the Amador and Julia. The rates of fare to Sacramento and Stockton will be $1 50 for cabin and $1 for deck passage, and to Benicia and Suisun, $1. Rates for freight have been fixed as follows: To Sacramento $2 50; Knight's Landing, $3; Colusa, $5; Tehama, $9; Red Bluff, $12; Stockton $2 per ton.

THE RAIN.—Again our State has been blessed with a fine rain, just in time to save the growing crops which needed rain badly after the strong north winds of the previous week. The rainfall in this immediate vicinity has not been as heavy as in some other portions of the county but has surely saved the crops from total failure, provided favorable weather shall follow. The hearts of farmers are gladdened, while the countenances of business men who look to them for support are bright and cheerful. The weather is now favorable, and the chances are in favor of more rain.

ST. LOUIS DEMOCRATIC.—The municipal election in St. Louis was held on the 4th inst, and resulted in a complete Democratic triumphby majorities ranging from 1,300 to 3,000. Several other cities in Missouri which held elections on the same day also went Democratic. This does not look as if the Germans all voted the Radical ticket, for St. Louis is largely German. Under the leadership of Carl Schurz there is not much danger on that score. Radicalism has been totally routed in Missouri, and this result is in a great measure due to the Germans who have been hoodwinked by radical tricksters long enough.

GRAND BENEVOLENT GIFT ENTERTAINMENT.—Arrangements have been made by some of our enterprising citizens for a Grand Gift Concert, to take place at Washington Hall, Woodland, in a short time, the funds derived, after paying expenses, to be used for benevolent purposes, among which are the donation of sufficient money to build a first-class school building, to purchase a fire-engine, etc., for our fire department, to aid the Masonic, Odd Fellows, Good Templars' and Druids' building funds, etc.—all certainly worthy objects, and we doubt not when the tickets are offered to the puclic they will be eagerly sought. Next week we shall be able to give particulars.

MADE DOUBLY HAPPY.—The editor of the Amador *Dispatch*, Wm. M. Penry, drew $30 in the Grass Valley Lottery, whereupon the Stockton *Republican* wonders "what the bloated old aristocrat will do with so much money?" and says "it is terrible to think of a newspaper man coming suddenly in possession of such an immense sum." The sequel appears in the last number of the *Dispatch*, thus: "Married, in Jackson, March 27th, 1871, by Rev. W. T. Mayne, Wm. M. Penry to Miss M. J. Barton," accompanied by the following explanation: "The masculine partner in the above contract means us, and 'you bet' we are 'just as happy as a big sunflower.'" So, that's the way the money goes.

MR. JOHNSON EXPLAINS.

Mr. James A. Johnson, subsidy-anti-subsidy candidate for Governor and late Congressman from the Third District, has been still further defining his position, first by a letter intended to excuse his vote for the Northern Pacific land grant bill, and second by a speech made in San Francisco on Saturday night last, and published in the Sacramento *Reporter* of Sunday morning. We do not think that the reading of either of these productions by the masses of the party will at all aid Mr. Johnson in his aspirations, while the effect of the spoken speech in San Francisco, which, it is said, differed materially and for the worse from the printed speech, is described by those who heard it as very dampening. As to his Pacific Railroad vote—Mr. Johnson is far from successful in making a defence. He says in substance that the land grant had been made by the law of '64, and that the resolution he voted for was not designed to give the Company more lands, while the amendments in the interests of the Government and the people which he voted against were merely intended to delay the passage of the bill. This explanation does not tally very well with the fact that the Railroad Company take about ten million acres more land under the resolution than they did under the bill, and surely his constituents are justified in asking why it was that Mr. Johnson, if he is really a foe to enormous land grants, was so anxious not to delay the passage of the resolution that he could not vote for such amendments as those which were rejected in the House by aid of his vote? And, further, they may justly ask, why it was that Mr. Johnson felt compelled to vote for the bill after all amendments looking to the preservation of the rights of the Government and of settlers had been voted down? Why did he not act like Sargent did, and positively *refuse* to vote for it unless the amendments limiting the price at which the lands should be sold were incorporated? As for Mr. Johnson's speech, it was an amplification of the curious affair which he delivered in Marysville some time ago. He declared himself as opposed to subsidies, yet denounced the opposition to subsidies as a sham and a fraud, and alluded in no very complimentary terms to those who have done the most against the system; denounced the five per cent. bill; arraigned Governor Haight and his "more than imperial levees;" scored in characteristic style the "bread and butter brigade," (thereby meaning the one or two hundred thousand people in this State who desire Haight's renomination) and after a long course of contradictions and inconsistencies wound up by declaring that in his opinion the Governor should have no appointments except that of his own Private Secretary, and him he should pay out of his own pocket, and by proposing to pass a law making it a State Prison offence for any State or county officer or newspaper editor or proprietor to accept or for any railroad company to give a free ticket! Mr. Johnson further exemplified his fitness for the office of Governor, by declaring in substance that a Governor has no right to use the veto power merely because he thinks a bill bad or inexpedient! We are of the opinion that that will do, and that Mr. Johnson might as well take a back seat. The people of this State are not particularly concerned about the pay of the Governor's Private Secretary, but they *do* want a man who will consider it his duty to veto every thieving bill, big or little, the railway corporations may urge through the Legislature.

CONNECTICUT ELECTION.—The State of Connecticut elects State officers annually. For several years Gov. English has been the candidate of the Democrats, and Ex-Governor Jewell for the Republicans. The two parties have been alternately successful for at least four years past, the majority on either side being from a few hundred down to less than one hundred. Last year Gov. English was elected by the Democrats and was re-nominated this spring, Jewell again being pitted against him. The election took place on the 3d inst., and the result is so close that a telegram of the 6th says both parties claim the victory. Considering that over a thousand negroes voted for the first time, the Democrats have done remarkably well. We have hopes that Gov. English is re-elected and two of the four Congressmen—a gain of one.

SLIGHTLY IMPERIAL. — Don Piatt writes from Washington: "We are getting to be just the least bit imperial in our ways here, and have the countenance. For the first time in the history of the executive mansion the servants appear in livery. His Excellency is surrounded by military. There is a continual jingling of spurs and clank of sabres, and the illustrious 'tanner,' now grown so great, can only be reached through a battalion of flunkies, and brigadier generals (by brevet) are as thick as blackberries. Mrs. Grant, when she receives, is surrounded by her ladies of honor, and the handsome, jolly General Michler acts as master of ceremonies, and presents the vulgar crowd to their exclusive excellencies."

VALUABLE DOCUMENT.—The "People's Pictorial Taxpayer," issued by the Free Trade League of New York is a large, handsomely printed paper, the inside of which is illustrated with telling pictures, showing up the capitalists and protectionists as opposed to the interests and rights of the masses—the laboring men of the country. It should have a large circulation througout the country as a campaign document, for it is just the thing to show the people the absurdity of voting for the protectionists.

The Late Rain.

The telegraph reported the late rainfall throughout the State to the daily papers as follows:

LADDSVILLE, April 5—Wind high, southwest by west. Fine shower this morning. It is cloudy with indications of more rain.

STOCKTON April 5—1 P. M.—It is cloudy with south wind. the prospects of rain are good. It rained this morning for about one hour.

HEALDSBURG, April 5—1 P. M.—It commenced raining here Monday evening, and has rained without intermission up to the present time. During the greatest part of last night it literally poured down. All the creeks and streams have risen to an unusual hight, travel will be stopped for some time. It is the heaviest storm we have had this season. There is every indication of rain continuing for some time yet.

CALISTOGA, April 5—1 P. M.—It rained all night hard, and is still raining, with not much prospect of clearing. Wind south.

MARYSVILLE, April 5—1 P. M.—There was quite a heavy shower here early this morning. It commenced raining again at 8, and still continues quite brisk. Wind southeast. No indications of stopping.

TEHAMA, April 5—11:30 A. M.—It has been raining hard since 2:30 A. M.

WOODLAND, April 5—10:50 A. M. It has been raining hard since 4 A. M.

GILROY, April 5.—It commenced raining at 6 A. M., and has been raining at intervals ever since. It is likely to continue all day.

VALLEJO, April 5.—It commenced raining at this place about midnight and continued steadily until about 11:-30 A. M., since which time it has rained at intervals.

CHICO, April 5—It has rained steadily since 7 A. M. Wind south, with indications of clearing off during the evening.

RED BLUFF, April 5—1:30 P. M.—It has been raining steadily since 4 o'clock this morning. Wind south; thermometer 52.

CISCO, April 5—1 P. M. It is snowing fast; thermometer 33.

COLUSA, April 5—1 P. M.—It commenced raining at 2 o'clock this morning and has rained hard and steady up to this present moment. It is still raining, and looks like continuing all day.

PLEASANTON, April 5—1 P. M.—It commenced to rain here at 7 A. M. this morning and continued heavily till 10:30. It has commenced to rain again. Wind is south; very cloudy.

NAPA, April 5—1 P. M.—It commenced raining about midnight and is still raining hard. Wind from the south.

PETALUMA, April 5.—It has rained heavily here since last night and is still raining with no appearance of abating. Wind fresh and from the southwest. This is by far the heaviest rain-fall of the season.

SACRAMENTO April 5—1 P. M.—There has been steady rain since 9:30 A. M. Wind south.

NEGRO CONGRESSMEN.—The Washington corespondent of the Augusta *Chronicle and Sentinel* thus describes the negro Representatives in the present Congress. There are five members of the new House of Representatives who are negroes. Josiah T. Walls, from Florida, is of a very decided ebony hue. He sported to-day a flashy shoofly cravat, and his hair kinked so tight that it kept his mouth open; he will never stand in need of curling tongs. Ben Turner, from Alabama is a very large black negro. He looks like an ass—very sleepy, very greasy. Pure African scent no Caucasian blood trickles through his veins. It looks dark in the House all around him. South Carolina contributes three darkies. De Large is quite a bright pumpkin-color, and is acceptable as a substitute for Bowen. Elliott you recognize at once as nothing more or less than a plain corufield negro. He has what is known as a shovel face, and could readily eat peas out of a bottle. Fifteen inches must intervene between the back of his head and the front of his mouth. His complexion is of the style of a shoe that has been blacked but not polished. He would pass as a connecting link between a gorilla and a pure negro. Rainey, the barber, you have heard about—he puts on many airs as he shows his fellows around. When those members from the South who desired to take the test oath presented themselves before the bar of the House disgust ran riot. A crew of miserable, spawning vagabonds, they shocked all the sensibilities of human nature.

THE TARIFF.—Some of our readers may not at once see how duties imposed on imported articles increase the cost to the people of the same goods made in this country, since the duties are not levied on them. The reason is, that when the quantity made here is not sufficient to supply the demand for it, the deficiency must be imported, for which the people must pay the foreign price, with the duty added, and our manufacturers raise their prices to the same extent. This necessarily follows from the foreign article selling here, for if the American was not raised to the same price, it would undersell the foreign, and the foreign could not be sold. If the duties were removed, the manufacturers would be obliged to reduce their prices to the same extent.

A GRAND "GIFT CONCERT."—Stockton is talking of a gift concert that *is* a gift concert. The city has long wanted a ship canal to deep water, so that ocean-going vessels might come up and anchor at her wharves. As a ready and feasible means of raising the money, the proposition is to hold a "gift concert," selling 400,000 tickets at five dollars each, distributing $600,000 in gifts, and allowing $200,000 for expenses. It will be seen that $1,200,000 would be realized by the project, a sum amply sufficient to complete the work. Every ticket-holder is to receive three dollars' worth of stock in the canal.

WILCOX'S

IMPROVED STEAM WATER LIFTER

IS A STEAM PUMP,

WITHOUT ENGINE, PISTON OR PLUNGER,

Using Steam direct from the Boiler, without the intervention of any other machinery. It has won FOUR FIRST PREMIUMS at California State Fairs, within the last five years.

It is used on the Central and Western Pacific Railroads, from Oakland to Ogden.

It is used for Mining in Shafts, in Tunnels and Placer Diggings.

It is used for Water Works, for Irrigation and Watering Stock, for House and Farm use, for Sprinkling Streets, Draining Ponds, and Pumping for Sinking Wells.

Several of the Lifters can be seen at work near Woodland.

Merits Worthy of Consideration:

CHEAPNESS.—Its cost is less than one-half that of any other Steam Pump of like capacity.

ECONOMY OF STEAM.—It uses the exhaust steam alone for its suction, and the expansive power is applied direct, instead of wasting a large percentage on the friction of pistons and other machinery.

ITS ADAPTABILITY FOR DEEP WELLS, SHAFTS AND TUNNELS.—Will work well in Wells and Shafts from 100 to 200 feet in depth, and in Tunnels from 500 to 1000 feet in length, whether straight or angular. There is neither steam nor smoke escaping in the shaft or tunnel.

NOT DERANGED BY MUDDY WATER.—Having neither piston nor packing, the common derangement from grit is not incurred. Hence its great durability.

ANY PERSON CAN RUN IT.—It being so simple in construction and action, any person of ordinary intelligence can run it with safety.

They are made of any capacity, from 1,000 gallons to 100,000 gallons per hour.

For $75 I will sell a Water Lifter of 1,000 gallons per hour capacity; and for $85 I will furnish a boiler, with all necessary attachments, that will be sufficient to raise 1000 gallons 50 feet in one hour. All other sizes correspondingly low.

Parties can see them in operation at my shop, or one at the Presidio, San Francisco, daily driving 3000 gallons per hour up a slope 2,500 feet, with a perpendicularraise of 100 feet.

Probate Notice.

IN THE MATTER OF THE ESTATE OF THOMAS W. WOODLAND, deceased; In the Probate Court, Yolo County, State of California.—It appearing to me, James Johnson, Probate Judge, by the petition presented and filed of GEORGE E. WOODLAND, the Administrator of the Estate of Thomas W. Woodland, deceased, praying for an order to sell certain real estate, that it is necessary to sell the whole or such portion of said real estate as may be necessary to pay and satisfy a certain judgment therein stated in favor of N. L. Drew & Co., rendered in the District Court of the Sixth Judicial District, in said County of Yolo, on the sixth day of January, A. D. 1871, which said judgment is a lien upon the property particularly described in said petition. It is therefore ordered by the Court that all persons interested in said estate appear before the said Probate Court on

Monday, the 24th day of April, A. D. 1871,

at 11 o'clock in the forenoon of that day, at the Court Room of said Probate Court, in the Court House in Woodland, in the said County of Yolo, to show cause why an order should not be granted to the said Administrator to sell so much of the real estate of the deceased described in said petition as shall be necessary to pay said judgment and expenses thereof; and that a copy of this order be published at least four successive weeks in THE YOLO DEMOCRAT, a newspaper printed and published in said county.

JAMES JOHNSON,
County Judge, and
Ex-officio Judge of the Probate Court.

Dated at Woodland, this 21st day of March, 1871.

STATE OF CALIFORNIA, COUNTY OF YOLO, ss. I certify the above and foregoing to be a full, true and correct copy of the original order made and entered in the above matter on the 21st day of March, 1871, as the same remains on file and of record in this office.

Witness my hand, and the seal of said Court affixed, this 21st day of March, A. D. 1871.

Town and County Matters.

CAGED.—A dignified, reverend looking individual of the Owl family that Pat would call a broad faced turkey, recently left the corporation of the "City of Owls" and visited the encampment of the Cow Clux Clan at Knight's Landing. While taking a survey of the enemy's camp he had the misfortune to attract the attention of several beautiful Doves. This so much excited the jealousy of the Clan that they called upon their Grand Commander to marshal his forces against the intruder. The quiet was bravely resisted, but the courageous Owl being surrounded and finally overpowered, considered in his wisdom that discretion was the better part of valor and surrendered unconditionally. The Clan, exulting over a fallen foe in a strange country, preferred charges of vagrancy against him. A mock trial was held, a jury of the Clan found a verdict of guilty and their Grand Commander committed him to jail for ninety days. The majestic bird will appeal to the Great Grand Screech Owl for redress.

BOARD OF SUPERVISORS.—Board met April 3d; present full Board.

In matter of grading Sacramento and Clear Lake Road, several bids having been tendered. That of H. C. Spencer and T. J. Hutchinson being the lowest was accepted, and eight cents per cubic yard allowed contractors; the work to be completed within 60 days.

Bridge on road east from Merritt's farm—work accepted and ordered paid.

Board allowed the County Jail to be used by the Town of Woodland.

Road from C. W. Reed's to Hawk's Lower Ferry—Viewers' report received and placed on file. Hearing set for May Term.

County Assessor ordered to file bond in $2,000 as Deputy Tax Collector—Ordered that he be allowed one deputy for four months and one for two months.

CAPITULATION OF TURKEY.—On the ranch of Mr. Thomas Goodin, near Buckeye, in this county, there is a fine flock of Turkeys. One of the flock—a stately gobbler—recently took possession of a nest of twenty-seven eggs and with patient resignation went to setting. He is still faithfully in the duties he has assumed, and the eggs will hatch in a few days. The owner does not know how to account for the strange freak, but our informant says he knows it is only the natural result of a lecture on Womans' Rights recently delivered in the neighborhood. He does not know, however, who will be the mother of the chicks.

GRAND JURY REPORT.—We herewith give the Report of the Grand Jury which was in session the past week. It has the merit of being short and sweet at least:

The Grand Jury having no further business before it beg leave to submit the following report: We have found three true bills for felony and one for misdemeanor; two charges were ignored. We have visited the County Jail and prisoners. We found the Jail in good, cleanly condition, and the prisoners say they are well cared for. L. C. DRUMMOND,
Foreman of the Grand Jury.

April 4th, 1871.

COUNTY COURT CALENDAR.—Baylis vs. Bennett—Appeal. Set for April 19th, at 1 P. M.

Johnson vs. Bennett—same as above.

Montgomery vs. Dobbs and King—set for Thursday 20th, at 1 P. M.

People vs. E. H. Jarvis—set for Monday 17th, at 1 P. M.

People vs. C. M. Chew—convicted of grand larceny, to receive sentence Monday 17th, at 10 A. M.

WILLFUL MISREPRESENTATION.—The fling at our Town Marshal, by the *Mail*, in stating that that officer had interfered with the right of free speech, is a willful misrepresentation of facts for partisan purposes. At home where the Marshal is known, and the facts also, it would make no difference, whatever the *Mail* might say, but unless contradicted, it might create a false impression away from home.

SKATING CARNIVAL AND BALL.—An entertainment of this kind is to be given by H. Stegall of the Skating Rink, on Friday evening, April 14th. This is a novelty in the way of enjoyment which many will take advantage of—the manager says, "the more the merrier," and all are invited.

SCHOOL ELECTION.—The Trustees give notice of an election in Woodland School District to take place April 30th, for the purpose of voting funds to erect a suitable building for the use of the department. Particulars are given in the advertisement.

IRRIGATION.—The Woodland Ditch Company has opened the old ditch, and farmers along the line of it are being supplied with water for irrigation at the rate of $4 per foot for 24 hours, as will be seen by the advertisement in another column.

HOSPITAL REPORT.—The monthly report of the County Physician shows the following for the month of March: Whole number treated, 13; admitted, 6; discharged, 4; cured, 3; relieved, 1; no deaths.

PUBLIC SPEAKING.—Wm. J. Campbell, of Buckeye, announces that he will address the citizens of Davisville on Saturday evening, April 15th, on the great issues of the day.

FESTIVAL.—The Congregational Society of this place are making arrangements for a public entertainment in aid of that organization, to take place on the evening of April 15th.

LUNAR RAINBOW.—About eight o'clock on Wednesday evening a beautiful lunar rainbow was visible in the west, which was observed and admired by many of our people.

FOR SALE.—Attention is called to the advertisement of the Gas Company, offering a large water tank, force pump, etc., for sale.

CATHOLIC SERVICES.—Mass will be celebrated by Father Speiman in Davisville at 9 A. M., and in Woodland at 11:30 A. M., on Easter Sunday.

MILLINERY AT AUCTION.—The sale of Millinery goods, etc., by Mrs. Clinton & Co., will be continued to-day from 10 to 2 o'clock.

For the very best Photographs, go to BRADLEY & RULOFSON, No. 429 Montgomery Street, San Francisco. ☞Closed on Sundays.☜

THE New York *Tribune's* special from Washington, March 30, says the President has by no means given up the idea of annexation. He is confident that the people of the country are favorable to the project, and will do all he can to assist the cause during the recess.

HOW'S THIS FOR HIGH?—The first State to secede, and the one to fire the first gun in behalf of the rebellion, has a Lieutenant-Governor, three negro Congressmen, eleven negro State Senators, eighty negro State Representatives, and one negro Judge of the Supreme Court.—*Vallejo Recorder.*

And the rate of taxation is about seven dollars on the hundred, and the State, under the benign influence of these negroes, assisted by the bayonets of the *Recorder's* party, is running ten or twelve millions of dollars behind every year? How is that for high?—*Colusa Sun.*

HEAVY PURCHASE.—The price paid by the California Pacific R. R. Co., for the steamers, wharves, franchises, and other property of the California Steam Navigation Company was $1,100,000. The latter Company has been in existence some 20 years and now has to give way to the superior facilities afforded by railroads. A meeting of the Company is to be held on the 10th to consider the question of discorporation.

DISASTROUS FIRE.—A fire at Truckee on the Central Pacific railroad, on Wednesday last, destroyed one hundred and twenty buildings. One child was lost in the conflagration.

GOOD SCHOOLS.—Those desirous of securing a home in Woodland for the purpose of educating their children, or for any other purpose, will do well to call upon Nathan Elliott, immediately. He has a four-acre tract of land, with a good comfortable house, a brick cellar above ground, a cistern that will hold 350 barrels of water, a good barn, chicken house, etc., 2½ acres of alfalfa, fig, pear, peach, apricot and shade trees, including the olive, and one acre of foreign grape vines in bearing, which he offers for sale cheap and on easy terms. j21

DIED.

In Yolo county, April 2d, Philip Crowder, Sen., aged 92 years 6 months and 22 days.

At the close of an eventful life a good man has gone to rest with Christian resignation, and in the hope of immortality beyond the river of death, the old man, while surrounded by mourning friends who appreciated the generous impulses of his nature, quietly folded his arms in the slumber of death. Mr. Crowder was born in South Carolinia, September 11th, 1778. In 1801, in the same State, he was united in matrimony to Miss Charlotte Robinson. The aged couple lived in the enjoyment of each other's society about sixty-four years, when they were separated by the death of Mrs. Crowder, who at the time of her decease had arrived at the advanced age of eighty-nine years. They were the parents of sixteen children, fourteen of whom arrived at the age of maturity. Mr. Crowder spent portions of his life in Alabama, Kentucky, Tennessee and Illinois. From the latter State he emigrated to California, and settled in Yolo county in 1852. He was a veteran of the war of 1812, and fought under General Jackson at New Orleans. As a citizen he was respected for his good qualities by all who knew him. As a soldier he acquitted himself with honor, and was an example of fortitude and bravery to his comrades in arms on every field where his duty called him. The earth clods have fallen upon his coffin, and warm hearted friends have paid him their last sad tribute of respect. Let us hope that his reward will be the reward of the righteous. E. R.

SPECIAL NOTICES.

TO CURE A COUGH, to relieve all irritations of the throat, to prevent hoarseness, to restore perfect soundness and health to the most delicate organization of the human frame—the Lungs—use Wistars Balsam of Wild Cherry.

GENTLY does it, without pain or irritation Dr. Walker's Vinegar Bitters relieve the constipated bowels; at the same time so thoroughly toning their inner membrane and restoring their mechanical action, that it seems as if they had been reorganized on an improved plan! Yet the result is solely due to nature, reinforced, and sustained by the best vegetable alterative and tonic that ever passed the lips of the sick and suffering.

SNUFF or dust of any kind, and strong caustic or poisonous solutions aggravate Catarrh and drive it to the lungs. Dr. Sage's Catarrh Remedy cures Catarrh by its mild, soothing, cleansing and healing properties. Each package prepares one pint of the remedy ready for use, and costs only fifty cents. Sold by druggists, or send sixty cents to R. V. Pierce, M. D., 133 Seneca street, Buffalo, N. Y., and get it by return mail. Look out for counterfeits and worthless imitations by seeing that it has, upon the outside wrapper, Dr. Pierce's private Stamp, issued by the U. S. Government, expressly for stamping his medicines and which bears upon it his portrait, name and address, and the words, "U. S. Certificate of Genuineness."

BEAR IN MIND.

When disease has undermined the health, and the physical system has become prostrated, a stimulant that will not only strengthen, but remove the cause, should be immediately resorted to. Mental distress is also a fruitful source of the breaking down of the coustitution, and the ravages of this enemy to health are truly alarming. For all such maladies Hostetter's Stomach Bitters have been found unsurpassed. By acting directly upon the digestive organs, they remove the heavy, disagreeable feeling after eating, so often complained of by persons of a delicate temperament. As soon as digestion is restored, the patient finds his strength increasing, and his general health improved.

Thousands of persons certify that it may be relied on in all cases of weakness or nervous debility attendant upon sedentary habits. The generality of Bitters are so disagreeable to the taste that they are objectionable to a weak stomach. This is not the case with Hostetter's Bitters, which will be found mild and extremely pleasant. Balsamic, plants and roots contribute their restorative juices to render it soothing and strengthing. Its basis is the only pure stimulant which has ever been produced, containing no *fusil oil*, or any other deleterious element. The most careful and skilful chemists have analyzed the Bitters, and pronounce them harmless. This is scientific testimony; but the testimony of the hundreds of thousands who have experienced the preventative and curative effects of the great vegetable tonic and alterative of modern times is still more conclusive. In Fever and Ague, Dyspepsia, Billiousness, Nervous Complaints, Chronic Complaints and general debility it is as nearly infallible as anything in this fallible world can be. ap8

The Pain Killer is by universal consent allowed to have won for itself a reputation unsurpassed in the history of medical preparations. Its instantaneous effect in the eradication and extinction of Pain in all its various forms incident to the human family, and the unsolicited written and verbal testimony of the masses in its favor, have been and are its own best advertisements.

The ingredients of the Pain Killer, being purely vegetable, render it a perfectly safe and efficacious remedy taken internally, as well as for external applications, when used according to directions. The stain upon linen from its use is readily removed by washing with alcohol.

This medicine, justly celebrated for the cure of so many of the afflictions incident to the human family, has now been before the public over thirty years, and has found its way into almost every corner of the world; and wherever it has been used the same opinion is expressed of its medical properties.

In any attack, where prompt action upon the system is required, the Pain Killer is invaluable. Its almost instantaneous effect in relieving pain is truly wonderful; and when used according to directions is true to its name, a Pain Killer. mh18

LUXURIANT GROWTH.—Reports from Napa Valley say that the grain is coming up so strong and rank that it is actually falling down. Some of the farmers are obtaining all the stock in their immediate neighborhood, to turn upon it to graze. One, we hear, has placed upon his grain fields 2,500 head of sheep. Such luxuriant and exuberant growth has not been known for years. The farmers say that the ground throughout the valleys is wetter this season than for several years past.—*Vallejo Recorder.*

THREE CANDIDATES.—Saith the *Courier-Journal:* "Three candidates for the Presidency are already in the field—the Hon. Victoria Claflin Woodhull, the Hon. George Francis Train, and the Hon. Ulysses Simpson Grant. There is no doubt some virtue among these candidates, but it is not for us to speculate as to which of them it is that owns it."

THE WINE INTEREST.—The war in Europe has greatly disturbed the wine manufacturing business there, and in consequence has raised the price of wine in this country, which will make grape raising here very profitable. The vine in this region will produce a good crop in dry as well as wet seasons, and as this country is subject to extremes, the grape is one of the most important crops. By the way, Nathan Elliott is offering for sale cheap the Frabrician Vinyard, in lots of from two acres upwards, to suit those wishing to buy. He also has left a fine one-acre and three-acre lots in the south part of town. ja21

THE GREAT

BLOOD PURIFIER.

Hear the Voice of the People!

JUDGE S. HEYDENFELDT says: "My attention was called to it about eighteen months ago, when I had been suffering with rheumatism for more than a year, and had failed to find relief from other remedies. The YERBA SANTA relieved me entirely in two days. Some ten or twelve cases of Rheumatism, two cases of Gout and two cases of Neuralgia have been relieved within my immediate knowledge." E. B. BINTON says: "I fully concur with Judge Heydenfeldt in regard to the curative powers of YERBA SANTA. I have myself used it, and take pleasure in recommending its use to those afflicted with Rheumatism in any of its forms." T. J. JENKINS, M. D., (Physician to Butte County Hospital,) says: "I have used YERBA SANTA for some years in my private practice as physician. I have found it invaluable in cases of Chronic Rheumatism, and of much benefit as an alterative BLOOD PURIFYER and tonic." FRANK MATHEWS, of Oroville, says: "Some years since, I was a martyr to Rheumatism, and feet, unable crippled in hands with crutches, at to move except great pain. I was all times suffering YERBA SANTA. induced to try ed great benefit I soon experience- use. I am from its present at the strong time and de ed healthy, I recom- mend all who are afflicted as I was to try it." CHAS. WALDYER, of Cher- okee, Butte coun- ty, states: "For many years a sufferer from Rheu- matism in its most painful type I sought relief in vain until I was induced to try YERBA SANTA, when I found per- fect restoration to health. I have recommended it to my friends, and in all cases a perfect, a speedy cure was the result of its use." J. B. ROBERTS, of San Francisco, says: "I had for three years been afflicted with the Rheumatism, to such an extent that in all that time I was unable to do any work. I was at last induced to try YERBA SANTA; after using two bottles I was completely cured, and am now as well as I ever was in my life." M. H. DARRACH (County Clerk of Butte county,) says: "I have seen much of the beneficial effects of YERBA SANTA in Scrofula, also in Salt Rheum, Rheumatism and Neuralgic affections. I believe I know of no instance where it has failed to cure." YERBA SANTA completely restores the system when impaired by disease, revives the action of the kidneys, and radically cures scrofula, Salt Rheum and all eruptive and cutaneous diseases. It is PURELY VEGETABLE, being made from an herb indigenous to California. It is therefore peculiarly suitable for use by Females and Children, as a Blood Purifier and Renovator. YERBA SANTA is for sale by all dealers in family medicines.

The Yolo Democrat.

Miscellaneous Items.

Two large whales were captured at San Diego recently.

ALSACE and Lorraine are to come under the laws of the German Empire on the 1st of January, 1873.

THE Auburn *Democrat* gives the names of eighty-one residents of that city who are eighty years of age and upward.

AN ambitious pair were married, a few days ago, on the highest peak of Mt. Helena. The Napa *Register* demands, "How is that for high?"

IT is proposed to connect Virginia City and Reno, Nevada, by a narrow gauge railroad. The survey of the proposed route has already been commenced.

TURNER, the negro Congressman from Alabama, says so far as his district is concerned, Radicals may live and travel through it with the utmost safety, and there are no grounds whatever for sending a military force there.

THE New Orleans ice factory runs six machines, each costing $25,000 in gold, and freezes 16 tons of ice daily. The water is pumped from the Mississippi, purified, and frozen into blocks three inches thick and 12 by 24 inches in area.

IT is mentioned among the recent novelties in railroad traffic across the continent, that several "tank cars," loaded with whale oil, have recently been sent from this city to New York, and during the past week a car load of lard oil has been recieved here in bulk from the East.

AFTER the fourth of March, Texas will be unrepresented in the House of Representatives, as, in obedience to the demands of the leading Radicals, who control the State, there has been no election. Private advices from there predict a success for the Democracy when an election does transpire.

THE Board of Registers of Clarendon, Iowa, recently decided that women were entitled to vote in that city, and the names of all the ladies of proper age were placed on the rolls. Several gentlemen, not liking this movement, erased the names of their wives. Several ladies also erased their names. On election day no women claimed the privilege of voting, and the men had it all their own way.

THREE hundred and thirty thousand only, out of nearly thirteen millions of persons engaged in active industry in this country, are employed in the three great "protected" industries of iron, woolens, and cottons. Just about two and one half per cent.! To "protect" this two and a half per cent of the population, tribute is levied on all other industries, and the remaining ninety-seven and a half per cent of the people.

A HUMBOLT, Kansas, paper says that place has the champion nailer of the world, a in the person of Albert Minor, lather by trade, and a son of Vermont. "Minor can drive more nails in one day than any other living man. He will drive nails faster than the fastest compositor can pick up type. He will drive sixty lath nails a minute, ten hours out of twenty-four, the year through."

THE number of bones broken in the English lunatic Asylums has given occasion for a curious scientific inquiry; and it is now asserted that the ribs of crazy folks are more brittle than the ribs of sane. Dr. Heardon instituted an examination of the bones of twenty patients who died in the Carmarthen County Asylum. In nine of these cases "the very frame work of the chest was found to be in an abnormal and diseased state." In two instances the breast bones were not stronger than stout card board. In one case the surface bone was so spungy and soft that it was easily crumped up between the fingers. Some of the ribs were easily cut with a common knife, there being through the action of a diseased brain a wasting away of the phosphates.

A NEW INDUSTRY.—The sweet potato, used in various forms as an esculent—in making bread, as a substitute for coffee, in the brewing of beer, as well for fatting farm animals—is now beginning to be used in making syrup, "far surpassing that of the beet, and even of the sorghum in delicacy of flavor, while the yield is much more abundant. The average product of a bushel of sweet potatoes, the yam variety is preferred, is alleged to be over two gallons; and as the average yield per acre, on poor, sandy soil, is from 150 to 180 bushels, the product must be from three hundred to three fifty gallons of syrup. This must open to the view of the piney wood agriculturists a new and most profitable industry, one man, with a mule, being able to cultivate at least fifteen acres in potatoes. The residuum, after the juice for syrup has been extracted, is pronounced a valuable edible either for man or beast."

Good Food and Good Health.

Upon this topic, Professor Blot, who lectured in New York the other day, thus expressed himself:

The man who does not use his brain to select and prepare his food is not above the brutes that take it in the raw state. It is to the physique what education is to the mind, coarse or refined. Good and well prepared food beautifies the physique the same as a good and well directed education beautifies the mind. People's taste is in food as in dress, differing not only in colors, but also in shape, therefore by our variety of dishes and our different styles of decorating them, by the ease that they can be prepared in the cheapest as well as in the most costly way, we think we meet all wants and and tastes. In fact, to use a very trite remark, "you cannot make a gentleman by feeding him on codfish." There is no country where there is so much dyspepsia as in America, because our people pay but little attention to food and eat too much meat for the exercise they take. If one has mental labor, fish every second day, at least is requisite. Soup sets all the glands at work, and prepares the stomach for the most important function of digestion, and therefore should be taken at dinner every day. Beef broth is to old age what milk is to the young. Cookery properly attended to keeps man in health, if the stomach is out of order the brain is affected. We have the soft and hard parts in our anatomy, and the bile, and therefore it is requisite to vary our food. We should eat more fruits, vegetables, soup and fish. Fish and cheese are the best articles of diet to give to children. United States has the most money of any people, and the greatest abundance of raw material, yet they live more poorly comparatively than any civilized nation. For instance there is a millionaire in Brooklin who has pork and beans every second day for dinner. Wrinklies are are produced by the want of variety of food.

L

BEING PREPARED EPPRESSLY FOR THE ABOVE COMPLAINTS, its Blood-Purifying Properties are greater than any other preparation of Sarsaparilla. It gives the complexion a clear and healthy color and restores the patient to a state of health and purity. By Purifying the blood, removing all cronic constitutional diseases arising from an impure state of the blood, and the only reliable and effectual known remedy for the cure of pains and swelling of the bones, ulcerations of the throat and legs, blotches, pimples on the face, erysipelas and all scaly eruptions of the skin, and beautifying the complexion. Price, $1 50 per bottle.

M

HENRY T. HELMBOLD'S

CONCENTRATED

FLUID EXTRACT BUCHU,

The Great Diuretic,

Has cured every case of Diabetes in which it has been given, irritation of the neck of the bladder and inflamation of the kidneys and bladder, ulceration of the kidneys and bladder, retention of urine, diseases of the prostate gland, stone in the bladder, calculus, gravel, brick dust deposit and mucous or milky discharges, and for enfeebled and delicate constitutions of both sexes, attended with the following symptoms: Indisposition to exertion, loss of power, loss of appetite, loss of memory, difficulty of breathing, weak nerves, trembling, horror of disease, wakefulness, dimness of vision, pain in the back, hot hands, flushing of the body, dryness of the skin, eruptions on the face, pallid countenance, universal lassitude of the muscular system, etc. Used by persons from the age of eighteen to twenty-five, and from thirty-five to fifty-five or in the decline or change of life; after confinement or labor pains; bed-wetting in children.

B

HELMBOLD'S EXTRACT BUCHU IS DIURETIC AND BLOOD-BURIFYING, and cures all diseases arising from habits of dissipation and excesses and imprudences in life, impurities of the blood, etc., superseding copaiba in affections for which it is used, and for syphilitic affections—in these diseases, used in connection with Helmbold's Rose Wash.

LADIES.

In many affections peculiar to ladies, the EXTRACT BUCHU is unequalled by any other remedy, as in chlorosis or retention, irregularity, painfulness or suppression of customary evacuations, ulcerated or schirrus state of the uterus, leucorrhœa or whites, sterility, and for all complaints incident to the sex, whether arising from indiscretion or habits of dissipation. It is prescribed extensively by the most eminent Physicians and Midwives for enfeebled and delicate constitutions, of both sexes and all ages (attended with any of the above diseases or symptoms).

O

H. T. HELMBOLD'S EXTRACT BUCHU

Cures Diseases arising from Imprudences, Habits of Dissipation, etc.,

In all their stages, at little expense, little or no change of diet, no inconvenience and no exposure. It causes a frequent desire and gives strength to the urinary organs, thereby removing obstructions, preventing and removing strictures, allaying pain, and inflammation so frequent in this class of diseases, and expelling all poisonous matter.

Thousands who have been the victims of incompetent persons and who have paid heavy fees to be cured in a short time, have found they have been deceived, and that the "poison" has, by the use of powerful astringents, been dried up in the system, to break out in a more aggravated form, and perhaps after marriage.

Use HELMBOLD'S EXTRACT BUCHU for all Affections and Diseases of the Urinary Organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. PRICE, ONE DOLLAR AND FIFTY CENTS PER BOTTLE.

L

HENRY T. HELMBOLD'S IMPROVED ROSE WASH

Cannot be surpassed as a FACE WASH, and will be found the only specific remedy in every species of Cutaneous Affection. It speedily eradicates Pimples, Spots, Scorbutic Dryness, Influrations of the Cutaneous Membrane, etc., dispels Dryness and Insipient Inflamation, Hives, Rash, Moth Patches, Dryness of Scalp or skin, Frost Bites, and all purposes for which Salves or Ointments are used; restores the skin to a state of purity and softness, and insures continued healthy action to the tissue of its vessels, on which depends the agreeable clearness and vivacity of that complexion so much sought and admired, But however valuable as a remedy for existing defects of the skin, H. T. Helmbold's Rose Wash has long sustained its principal claim to unbounded patronage by possessing qualities which render it a TOILET APPENDAGE of the most Superlative and congenial character, combining in an elegant formula those prominent requisites Safety and Efficacy, the invariable accompaniments of its use, as a Preserver and Beautifier of the complexion. In such diseases as recommended, it cannot be surpassed. PRICE, ONE DOLLAR PER BOTTLE.

D

Full and explicit directions accompany the medicines.

Evidence of the most responsible and reliable character furnished on application, with hundreds of thousands of living witnesses, and upwards of 30,000 unsolicited certificates and recommendatory letters, many of which are from the highest sources, including eminent Physicians, Clergymen, Statesmen, etc.

FOR SALE.

OUR DRUG BUSINESS located in San Francisco, Cal. After our best wishes, and expressing our thanks for the liberal patronage we have received for more than twenty-one years, during which period we have been steadily engaged in the Drug business in California, we beg to say that in consequence of the rapid growth of Dr. Walker's California Vinegar Bitters, now spread over the United States and countries far beyond, we are necessitated to devote our entire time to said business.

We are the Oldest Drug Firm on the Pacific Coast, and the only one continuous under the same proprietors since 1849, and have determined to sell our large, prosperous, and well established business on favorable terms.

This is a rare opportunity for men with means, of entering into a profitable business with advantages never before offered.

For particulars enquire of R. H. McDONALD & CO.,

N. B. Until a sale is made we shall continue our importations and keep a large stock on hand, and sell at prices to defy competition.

The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

They are a Gentle Purgative as well as a Tonic, possessing the peculiar merit of acting as a mild Aperient and Diuretic, relieving Congestion or Inflammation of the Liver, and all the Viscera Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn or turn of life, these Tonic Bitters have no equal. Send for a circular.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

NEW REMEDIES! NEW REMEDIES!

DR. GIBBON'S DISPENSARY,

No. 632 Kearney Street, corner Commercial, San Francisco, established in 1854, for the treatment of Sexual and Seminal Diseases, Weakness, Impotency, etc., etc. Skin diseases of years standing, and Ulcered Legs, etc., successfully treated.

DR. GIBBON

Has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Seminal Weakness

Produces with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz.: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves or rattling chariots, uneasiness about the loins, weakness of the limbs, confused vision, bluated intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions about the face, hectic flushes, furred tongue, fœted breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained, you should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure.

Cure at Home.

Persons at a distance may be cured at home, by addressing a letter to Dr. Gibbon, stating case, symptoms, lenth of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By inclosing $10 in coin, in a registered letter, through the Post Office or through Wells, Fargo & Co.

A package of medicine will be forwarded by express to any part of the Union.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.

Private entrance on Commercial street.

All communications strictly confidential.

Address: DR. J. F. GIBBON,

fe18-1y P. O. Box 1957, San Francisco, Cal.

I do not wish to inform you, reader, that Dr. Wonderful, or any other man, has discovered a remedy that cures Consumption, when the lungs are half consumed, in short, will cure all diseases whether of mind, body or estate, make men live forever, and leave death to play for want of work, and is designed to make our subluinary sphere a blissful Paradise, to which Heaven itself shall be but a side show. You have heard enough of that kind of humbuggery. But when I tell you that Dr. Sage's Catarrh Remedy will positively cure the worst cases of Catarrh in the Head, I only assert that which thousands can testify to. I will pay $500 Reward for a case that I cannot cure. A pamphlet giving symptoms and other information sent free to any address. This remedy is sold by most druggist in all parts of the world. Price 50 cents. Sent by mail, postpaid, on receipt of sixty cents, or four packages for two dollars. Beware of counterfeits and worthless imitations. See that my private Stamp, which is a positive guarantee of genuineness, is upon the outside wrapper. Remember that this private Stamp, issued by the United States Government expressly for stamping my medicines, has my portrait, name and address, and the words "U. S. Certificate of Genuiness," engraved upon it, and need not be mistaken. Don't be swindled by travelers and others representing themselves as Dr. Sage: I am the only man now living that has the knowledge and right to manufacture the Genuine Dr. Sage's Catarrh Remedy, and I never travel to sell this medicine.
